## ABOUT THE NATIONAL COMMUNITY COLLEGE HISPANIC COUNCIL (NCCHC)

The National Community College Hispanic Council (Concilio) is the nation's premier organization for preparation and support of Hispanic leaders in America's community colleges. NCCHC is an affiliated council of The American Association of Community Colleges (AACC) and believes that "Education is essential for realizing the fullest potential of each member of our society and that appropriate higher education should be available to all." While Hispanics in American society do not comprise the only group that may need special attention and assistance in taking full advantage of higher education opportunity, this is the group to which our primary attention is directed. NCCHC is a non-profit, charitable organization founded in April, 1985.

As an affiliate of the American Association of Community Colleges (AACC), the Concilio organization is committed to delivering high quality leadership development experiences and providing Hispanics/Latinos with opportunities to continue their personal and professional growth. The Council provides members with resources, networking and educational opportunities.

# **WE ANTICIPATE MORE THAN 200 ADMINISTRATORS FROM ACROSS THE COUNTRY TO PARTICIPATE IN CONCILIO ACTIVITIES IN 2026.**

## **LEADERSHIP DEVELOPMENT**

Leadership development is a major issue across the nation in all sectors of our economy especially for community college faculty and staff. By addressing the on-going issues of the development of up and coming Hispanic professionals, our symposium helps to create a pool of presidential and other administrative professionals, in order to increase Hispanic representation on boards of trustees as well as provide awareness of opportunities for potential and current elected board members, faculty/staff diversity on college campuses, friendly campus environments, and affirmative action. It is also one of the core missions and values of Concilio to advocate for Hispanic students, equal opportunity and accessibility in higher education, specifically at the community college level. NCCHC helps to provide the leadership which will be critical for us to meet the challenges of the 21<sup>st</sup> Century.

*Take advantage of one or more of the opportunities in this packet to reach Latinx administrators nationwide!*
